Effective Use and Delivery of Structural Funds and Regeneration Programmes in Cities and other Sub-Regional Areas

Aims and Objectives:

- Share best practice in the management and delivery of structural funds and regeneration programmes in sub-regional areas, meeting the needs of local populations and regional strategies.
- Build a transnational exchange on the local management led approach to the organisation and delivery of Structural Funds and regeneration programmes.
- Endeavour to improve performance in the remaining programming period. Experiences gained could be used in the development and construction of new programmes.
